

**SEPSIS – SYSTEM APPROACH****Room 5****29<sup>th</sup> Oct 2010**

0900 – 0910

**Introduction**

Prof Mark Bellamy

**Chair Persons:****Prof Mark Bellamy/Dr Richard Davidson**

0910 – 0940

Heart in Sepsis

Dr Mahesh Nirmalan

0940 – 1000

HL-A DR in Sepsis

Prof Mark Bellamy

1000 – 1020

Differences in Pathophysiology of  
Gm + and Gm –ve Sepsis

Prof Dan Traber

1020 – 1040

Microcirculation in Sepsis

Dr Christian Boerma

1040 – 1100

**Questions**

1100 – 1130

**Coffee Break****Chair Persons:****Dr Sanjay VIJ/ Associate Prof Don Chalfin**

1130 – 1150

Immune Dysfunction in Sepsis

Dr Marek Nalos

1150 – 1210

Definition of Sepsis – PIRO

Dr Francesca Rubulotta

1210 – 1230

Metabolic Acidosis in Sepsis

Prof J D Divatia

12.30 – 1250

What Causes MOF = Energy Failure

Prof Mervyn Singer

12.50 – 1300

**Questions**

1300 – 1400

**Lunches****Chair Persons:****Prof Graham Ramsay/ Prof Sheldon Magdor**

1400 – 1420

Fluids – what and when

Prof Sheldon Magdor

14.20 – 1440

EGDT -? Useful when patients  
are in the ICU

Dr Michael Kuiper

1440 – 1500

Targeting Prevention Measures

Prof Ruth Klienpell

1500 – 1520

Steroids in Sepsis

Prof Johan Groeneveld

1520 – 1550

**Coffee Break**

**Chair Persons****Dr Stephen Streat/Dr Kannan Ramer**

1550 – 1610	Antibiotic Combination	Prof Claude Martin
1610 – 1630	Vasopressin in sepsis	Prof Daniel Traber
1630 – 1650	SDD	Prof Graham Ramsay
1650 – 1700	Closing Remarks	Dr Kannan Ramer
